STREET COMMISSIONER.
Mr. Editor—Please announce Wm. Pickard as an Independent Candidate for Street Commissioner, the election on the first Monday of April, and oblige a Host of Friends.

Foreign Appointments.

Among the appointments by Mr. Lincoln already announced, are the following:
Minister to Prussia—N. B. Judd, of Illinois, (an apostate Democrat,) in place of Governor Wright, of Indiana.
Minister to Spain—Cassius M. Clay, of Kentucky, in place of Hon. W. Preston, of the same State.
Minister to Mexico—Thomas Corwin, of Ohio, in place of Geo. Waller, of California.

All of these are \$12,000 appointments.
Charles Sumner is very desirous of having the mission to England offered to him. The same is also true of Mr. Fessenden, of France.
Mr. Dayton has the inside track for the mission to England.

We see no mention of applicants for the Librarian mission, at present filled by our townsman Gen. Morgan; but we presume there will be plenty of them after a while. We hear some talk, *sua*, of another citizen of Mt. Vernon being desirous of having the position tendered to him. He won't get it!

Grant Excitement.

On Saturday morning last there was great excitement, and a large crowd of people collected on Gambier street, near Main. Upon inquiring as to the cause of this unusual demonstration in that quiet quarter, we learned that a lady had been attempting to indict personal chastisement upon a gentleman with a cowhide. As the whole affair was so scandalous in the extreme, we forbear mentioning names or going into particulars. It is sufficient to say, however, that the gentleman (who is a married man,) utterly denies that he has given the slightest cause for this offensive assault upon him.

To Masons and Lumbermen.

As will be seen by an advertisement in this week's paper, the Commissioners of Knox county invite proposals for masonry and lumber for the erection of Bridges at the following places:—Banningford, Swan's Landing and at the landing South of Fredericktown. We are glad that the Commissioners have determined to erect Bridges at the places mentioned, for they are certainly very much needed.

Fourth Ward Nominations.

The citizens meeting in the Fourth Ward, on Friday evening last, made the following nominations:
For Council—(long term)—N. McGiffin.
" (vacancy)—W. L. Smith.

Marshal—Joseph McHaffey.
Street Commissioner—Black.
Board School Directors—B. Catkins.
City Clerk—Joseph S. Davis.
City Treasurer—A. C. Elliott.

Ordinary.

Died, on the 31st of February, 1861, at the residence of her son, A. Salmon Hedges, in Millford township, Knox Co., Ohio, BERNARD LITZKE, formerly, Elkhorn Hedges, aged 85 years, 7 months and 10 days.

The deceased was a native of Frederick Co., Maryland; was born June 25th, 1775; was married to Jester Hedges in 1792; moved to Green County, Pa., in 1794; became a widow, January 26th, 1819, married to John Litzke, August 17th, 1828.

She embraced the religion of Jesus Christ and attached herself to the Christian Church in 1833. She moved to Knox county, Ohio, in 1835, and became a widow the second time, March 7th, 1841. She remained a widow, and died in full triumph of living faith.

Lady's Book for April.

Already we have before us Godey's elegant, popular and ever welcome Lady's Book for April. It is a splendid number in all respects. Besides a great variety of useful and entertaining reading it contains over thirty different illustrations—some of them very rich and beautiful. As heretofore all subscribers to the *Banner* can have the Lady's Book for \$2.00 per annum.

American Bee Journal.

This is the title of a Monthly Magazine, published by A. M. Spangler & Co., 25 North Third street, Philadelphia, and devoted exclusively to the subject of bee culture. Its contents will be found very interesting to all those who take an interest in the subject of bees. It is published at the low price of \$1.00 per annum.

Our Delegation Returned.

The Mt. Vernon delegation to Washington, Messrs. Hawk, Myers, Rose, Pile, Larimore, &c., have returned home, in a good state of preservation, and highly gratified with their visit to the National Capitol. They report Old Abe all right on the goose question. Mr. Vance still remains at Washington, "fixing things."

A Word to Husband.

When you go home to wife, and find that Mrs. Smith has succeeded by a simple turn of the wrist, in producing some of those scrofulous looking biscuits, which are your especial aversion, and as you with a familiar and recognize the eruptive countenance of your old enemies, don't go off into one of those paroxysms of rage and disgust, which always make you so particularly disagreeable, but, on the contrary, smile, say, yet with becoming dignity, place your hand in your pocket, and exclaim from his long confinement the dime which shall place Mrs. S. in possession of a package of Dr. Hall's Chemical Salve, with which she can cure her old enemy, the scrofulous biscuit, and so forth.

Dr. Hall's Chemical Salve is now for sale at retail by most of the dealers.

Holloway's Pills.

An incontestable truth. The blood is the source of health. The blood is the river of life and conveys on its current the elements of health or disease in its course through the fibres and tissues of the human frame. If pure it strengthens the muscles, braces the nerves, gives solidity to the bone framework to the flesh, lustre to the eye, brilliancy to the complexion and elasticity to the animal spirit; when vitiated, it infects the whole system, and is the source of all diseases, and is the cause of all the eruptions of scrofula and all other eruptions. With these facts before us we see how essential it is to health to preserve the blood pure. Holloway's Pills will purify it to the most effectual manner, no matter how tainted it may be.

FROM WASHINGTON.

WASHINGTON, March 13.
The following confirmations were made to-day: John G. Goodrich, Collector at Boston; Geo. W. McCall, Asst. Post Master General; DeWitt C. Lusk, Jr., Consul at Liverpool; Wm. H. Vesey, Consul at Aix La Chapelle; Lucius G. Forbs, Postmaster at Beloit, Wis.; Jno. J. Speed, Postmaster at Louisville; Geo. Harrington, Asst. Secretary of the Treasury.

The President to-day nominated Col. Sumner as Brigadier General vice Twigg, in accordance to regular order of promotion. Jas. M. Edwards, Commissioner of Land Office; Ex-Congressman Spinner, Treasurer of the United States; Lieut. Talbot for promotion, to occupy the rank of Assistant Adjutant General.

A resolution introduced by Mr. Douglas to-day, designs, by obtaining reply, to officially disclose the fact that there is no adequate power, under existing laws, to retake and hold Southern forts now in possession of the seceded States—to show that proceedings therein would involve large additional military forces and that, therefore, the question of war must necessarily be postponed until the next session of Congress.

A special messenger left here yesterday for Fort Sumter.

A despatch from the South received to-night from a reliable source, says that a messenger passed through Raleigh, N. C., to-day, bearing dispatches from the Government to Maj. Anderson. Gen. Scott is reported to have said, "The Government will be on the march Monday."

D. K. Carter, a former member of Congress from Cleveland, O., has been appointed Governor of Nebraska.

Commissioners Forsythe and Crawford have received assurances from high sources of the probability of the Administration in reference to the Southern forts, that at present they will make no official demands, and pending the movements at or in relation to Fort Sumter three will remain quiet.

WASHINGTON, March 14.

Gen. Bragg has assumed command of the forces of the Confederate States at Pensacola.

The Charleston Courier states that the latter, hearing on the ship channel one of the heaviest kind, and that they are now in a high state of preparation and ready for any force that may be sent against them. It believes the reinforcement of Fort Sumter an impossibility. It estimates that there are 3,000 highly disciplined troops in the fort.

The Courier also states that official information has been received that the \$15,000,000 loan of the Confederate States has been taken at a premium of probably 5 per cent.

It is said Mr. Giddings is nominated Consul General at Montreal.

The same dispatch also says advice from Montgomery state that President Davis has received most ominous communications from his friends at Washington, respecting the intentions of the Administration to blockade the Southern ports and attempt to collect revenue. The Montgomery Cabinet, it is said, thereon resolved as soon as a vessel was stopped outside of a Southern port, to put 50,000 rounds of ammunition in the hands of the people of that State, and to fire on the vessel, and to kill the crew.

Special Notices.

Mrs. C. P. Driscoll, Editor of Newark (O.) Times, writes in her paper of January 29, 1859, as follows:

We know that Dr. Roback's Scandinavian Remedies are all that the claims for them. The present of us with a pamphlet on the Scandinavian Blood Purifier, and boxes of his Blood Pills last summer, which put new life into us. They invigorated, strengthened, and leave the system in better condition than it was before. We usually do, and have no depressing effect. We feel safe in recommending the Blood Purifier to all suffering from debility, be the cause what it may. The pills have this peculiarity, they are powerful, but active, and at the same time leave the patient stronger and in an improved condition, different from most drastic remedies. Try them with the same confidence, and you will find many who have been relieved, and willing to add their testimony to their efficacy. See advertisement.

Sore Throats, Sore Eyes, Chapped and Cracked Nipples and Lips are cured by applying Dr. Roback's Ointment, which is sold by all druggists. It is well. In all cases a few applications will effect a cure. It will remove the inflammation that makes them crack, and cause them to heal. Mothers will find a great relief in this ointment, and will be able to suckle their infants with ease and confidence. See advertisement.
